There's nothing more refreshing than clean design. Jubilance Roman shades allow you to keep it simple, yet complete.

When you select a Roman shade as your window treatment, it becomes an integral part of the room's entire design. Especially when that shade is a Hunter Douglas Jubilance® Roman shade. That's because few window fashions give you a wider range of possibilities. Set your creativity free with colors, fabrics and textures that travel from the French countryside to the glass and steel office. You can even order matching or complementary Fabric by the Yard  to achieve a beautifully harmonious design. To further coordinate your décor, Remembrance® window shades are also available in all

Jubilance® shade fabrics. Every shade is fully finished with a small strip of matching fabric, inserted into the newly restyled headrail. The ten-inch panels stack neatly when lifted to any level. Jubilance Roman shades are also available with the SoftGlide™ lifting system for effortless raising of large or wide shades. But the decorating fun doesn't end there. You can choose from a range of privacy and light control options. Browse through all the possibilities in the new Jubilance sample book at your local window coverings store.

Decisions, decisions. When it's time to choose a fabric, select from a range of semi-sheer polyester to highly textured semi-opaque polyester/rayon blends. To keep your shades looking new, simply dust them periodically, or give them a light vacuuming. In return, they'll give you years of beauty and performance.

Whatever your vision, you'll find the perfect shades to help you create the exact ambience you imagined.

At Hunter Douglas, we stand behind our products. Each comes with a lifetime limited warranty, and is designed with safety in mind.
