Our soft neutrals tie together just about any room. All you need to do is provide the view.

Let the sun in – gently. Our unique sheer facings filter the sunlight, letting you enjoy the daytime hours without a harsh glare.

See the outdoors from indoors. The 2 1/2" vanes give you plenty of clearance to take in the scenery around you.

Bring your style to life with the

Nantucket™ Collection from Silhouette®

window shadings. By offering the best

in light control and privacy, you may

find yourself captivated by this relaxed

and casual style. The 2 1/2" soft fabric

vanes float between two sheer facings,

inviting in as much sunlight as you wish.

With vanes open, look out onto your

backyard without a squint. Tilted vanes

soften the light and view. Closed, the

vanes offer discrete privacy without total

darkness. Not to mention that they're

incredibly durable. Create a soft, warm look in any room by choosing from a selection of intriguing fabrics.

For a subtle look, there's Front Street™.

Looking for something with a little more panache? Try the herringbone print of

Yacht Club™ or shade yourself with the

light-dimming vanes of Misty Harbor™.

These are just a few possibilities that

can work in practically any setting in

your home. Whatever you choose,

you simply can't escape the calm of

Nantucket™ window shadings.
