

# TRIO™

CONVERTIBLE SHADES

**HunterDouglas**

*window fashions*

Magically, Trio shades convert from a full view to complete privacy using one convenient cord loop.

You've never seen anything like Trio™

Convertible Shades. With vanes that open and close individually, this soft fabric window covering gives you three beautiful choices: clear views, complete privacy and anything in between.

Want a view without raising the shade?

Adjust the fabric vanes to strike the perfect balance. Want the world to go away? Expand the vanes to block your view while filling the room with soft, diffused light. When closed, Trio shades offer added benefits—a high level of energy efficiency and protection from

damaging ultraviolet rays. And, our room-darkening fabric is ideal for bedrooms, media rooms or anywhere increased light control is required.

The fabric vanes add sophistication to any window, and the soft palette of 24 lovely colors fits every décor and fashion requirement. But don't let their good looks fool you—Trio shades are durable and practical, too. Unsurpassed for innovation, versatility and style, truly, "Three Beautiful Views, One Beautiful Shade."

No matter the time of day, you can sleep undisturbed with our room-darkening fabric option.

## A closer look at Trio™

*So innovative, so different, Trio Convertible Shades will create a distinctive look in your home. Their sleek, revolutionary engineering features color-coordinated hardware and a continuous cord loop to control all functions. Moreover, the shades are as easy to clean as they are beautiful. And, they come with a lifetime warranty.*

The vanes open and close even when the shade is partially raised.

At Hunter Douglas, we stand behind our products. Each comes with a lifetime limited warranty, and is designed with safety in mind.
