The soft, overlapping fabric of Vignette is available in 3" or 4" folds.

The soft elegance of a drapery. The practical function of a shade. That's the beauty of Vignette® window shadings. Graceful, overlapping fabric folds will add a special softness to your windows. Our wide array of decorative fabrics will dazzle you.

From exquisite Satin Weave and soothing Seersucker to intricately woven Jacquard, you'll find the perfect fabric to complement any décor. And our color choices are so extensive you'll think you've just stepped over the rainbow. Vignette shadings are great day or night. When lowered, they transmit a soft glow from outside light

while ensuring inside privacy. When raised, they disappear behind a color-coordinated headrail for an unobstructed view of the outdoors. If you prefer to block out light altogether, select the room-darkening option of EveScape™, and you'll be oblivious to the time of day. Available in 3" or 4" fabric-fold sizes, all Vignette® shadings are designed to retain their original shape and fullness. The optional fabric-covered headrail blends fabric and hardware for a fully coordinated look. And with the tailored, neutral backing, Vignette shadings look as beautifully finished from the exterior as they do from the interior.

The fabric-covered headrail brings fabric and hardware together for a coordinated, sleek look.
